

A Milestone for the Field of Interventional Pulmonology

After several years of hard work, by many individuals, the 1st ever Board Certification Exam in Interventional Pulmonology took place on December 6th, 2013. Despite the predictable bumps in the road one can expect with an endeavor of this scale, as well as the unpredictable bumps, including a rare winter snow storm in Texas, we had 75 individuals sit for the examination. The Board of the AABIP would like to recognize those who have passed the examination, and have achieved the status of Diplomate of the American Association for Bronchology and Interventional Pulmonology.

Ghazwan Acash, M.D.
Abdulgadair Adam, M.D.
