Thursday, February 9, 2012

7:00 am  Breakfast and Registration
8:00 am  Opening Remarks
          Eddy H. Carrillo, MD and Candace Pineda, RN
8:10 am  Historical Evolution of Vascular Trauma - A Surgeon's Journey
          Juan Azenios, MD
9:00 am  Blunt Cerebrovascular Injuries: Two Decades of Clinical Research
          Timothy Fabian, MD
9:45 am  Sepsis and Inflammation - Molecular Biology 101 in Acute Trauma Care
          Carl Hauser, MD
10:30 am Break
10:45 am  Collaborative Care: The Imperative Role of a Clinical Pharmacist in Your Intensive Care Unit
          Leslie Williams, Pharm.D., BCPS
11:30 am  Delayed Diagnosis of Injuries in Pediatric Trauma Patients
          Jonathan Groner, MD
12:15 pm  Panel Discussion
          Moderator: Eddy H. Carrillo, MD
12:30 pm  Lunch
1:45 pm  Introductions for Afternoon Session
2:45 pm  How to Get Out of Trouble
          Carl Hauser, MD
3:30 pm  Preventable Deaths - The Daily Nemesis in Acute Trauma Care!
          Thomas Esposito, MD
3:45 pm  Temporary Abdominal Closure: Lessons Learned from Failure
          Timothy Fabian, MD
4:30 pm  Panel Discussion
          Moderator: Andrew Rosenthal, MD
5:00 pm  Cocktail Reception

Friday, February 10, 2012

7:00 am  Breakfast and Registration
8:00 am  Subclavian Vessel Injuries - The Normandy Invasion for Trauma Surgeons
          Juan Azenios, MD
8:45 am  Evolution in the Diagnosis and Treatment of Acute Traumatic Aortic Transsections
          Timothy Fabian, MD
9:40 am  Break
10:40 am  Is Pediatric Trauma an Accident? Potential for Prevention and Intervention
          Jonathan Groner, MD
11:30 am  Panel Discussion
          Moderator: Steven Lee, MD
12:00 pm  Lunch

Saturday, February 11, 2012

1:15 pm  Trauma CSI: Using Error Analysis to Identify Opportunities for Improvement
          Heidi Hats, RN
2:15 pm  Getting Started with Evidence-Based Practice at the Bedside
          Mae Ann Pasquaide, PhD, RN
3:15 pm  Elderly Falls While on Anticoagulants: Diagnosis/Treatment/Case Studies
          Elizabeth B. Selisove, MSN, RN, CCRN
4:15 pm  Panel Discussion
          Moderator: Sheryl Forman, RN

Hotel Reservation Form

Please make check payable to Memorial 19th Annual Trauma Symposium or charge to: MasterCard  Visa  American Express

Deadline for Registration: February 1, 2012. The course registration fee is refundable, minus a $25 administrative charge, upon receipt of a written request postmarked before February 1, 2012. No refunds will be made after February 1, 2012.
Review course material and provide testing for:
- Understanding the social relevancy of domestic violence
- Identifying the early management of catastrophic injuries
- Discussing the evolving multidisciplinary approach to care of vascular injuries
- Identifying the early management of catastrophic abdominal injuries
- Understanding the social relevancy of domestic violence
- Review course material and provide testing for re-verification of Advanced Trauma Life Support

Accreditation
The Memorial Healthcare System is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit
The Memorial Healthcare System designates this live activity for a maximum of 15 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Americans with Disabilities Act
Memorial Regional Hospital fully complies with the legal requirements of the ADA and with the rules and regulations thereof. If any registrant in this symposium is in need of special accommodations, including dietary concerns, please contact the course coordinator at 954-265-5327.

Objectives
In the completion of this program, you should be able to:
- Discuss current concepts in the management of complex thoracic trauma
- Discuss trends and treatment modalities of blunt cerebral vascular injuries
- Identify the early management of sport related injuries in the pediatric population
- Understand the association of molecular biology and trauma
- Review state-of-the-art in the diagnosis of spinal trauma
- Discuss the evolving multidisciplinary approach to care of vascular injuries
- Identify the early management of catastrophic abdominal injuries
- Understand the social relevancy of domestic violence
- Review course material and provide testing for re-verification of Advanced Trauma Life Support
