Call for Manuscripts:

**Brain Injury and Intimate Partner Violence**

Topics of interest include (but are not limited to):

- Intimate Partner Violence (IPV)-related brain injury incidence and characteristics in diverse and/or marginalized groups including individuals within the justice system
- IPV-related brain injury incidence and characteristics of all sexes and genders (e.g., men, transgender)
- Strangulation-related brain injury incidence and characteristics of all sexes and genders
- IPV-related brain injury incidence and characteristics of perpetrators of IPV
- Intervention studies
- Informing clinical practice
- Knowledge transfer initiatives
- Access to or barriers to treatment for individuals who have experienced IPV-related brain injury
- Cumulative effects of brain injury and IPV

Articles of interest include original, empirical research as well as scoping and systematic reviews. JHTR rarely publishes case studies or preclinical investigations. Research may employ quantitative or qualitative methodologies.

Timeline for this JHTR Special issue is as follows:

- 4/1/2021 (earlier encouraged): Abstract submissions due to the Topical Issue Editors (250 words), with headings of Background, Objective, Methods, Results, and Conclusion.
- 5/1/2021: Notification of decisions for full paper submission will be emailed to first authors.
- 7/1/2021 (earlier encouraged): deadline for full manuscripts to be uploaded to the JHTR Editorial Manager website
- All papers will undergo masked peer review.
- Expected publication date is January 2022

Questions regarding this special issue can be directed to the Topical Issue Editors:

Angela Colantonio at angela.colantonio@utoronto.ca
Eve Valera at eve_valera@hms.harvard.edu

The Journal of Head Trauma Rehabilitation is a leading, peer-reviewed resource that provides up-to-date information on the clinical management and rehabilitation of persons with traumatic brain injuries. Six issues each year aspire to the vision of “knowledge informing care” and include a wide range of articles, topical issues, commentaries and special features. It is the official journal of the Brain Injury Association of America.
