Call for Papers on Gene Therapy

This special issue will focus on various aspects of gene therapy in hematology.

Submit your manuscript by **December 15, 2019** and have your research highlighted in this special issue. We welcome the submission of all article types.

For review articles, please send your proposal to hemasphere@ehaweb.org.

All submitted articles will undergo independent external peer review.

Submit your manuscript directly and mention in your cover letter that your article is meant for the special issue.
