

*JANAC* is seeking volunteers to serve as mentors in the “*JANAC* Student Internship Program.” The purpose of this internship is to provide an intensive mentored experience to foster students’ cultivation of skills attendant to writing and reviewing scholarly manuscripts, and to support the mission and vision of *JANAC*. Each student will be paired with one *JANAC* editorial board member; the student intern will formulate an individual development plan to guide progress towards short- and long-term goals. The student intern will gain direct experience in authoring, reviewing, and scholarly leadership. The deliverables include reviewing six manuscripts during the one-year internship and the option of authoring a *JANAC* editorial.

If you’re interested in serving as a mentor, or would like additional information, please contact Barb Swanson at [barbara\\_a\\_swanson@rush.edu](mailto:barbara_a_swanson@rush.edu).
