Racial Disparity in Outcomes Among Prostate Cancer Patients in the Post–Affordable Care Act Period

Association of Rural Hospital For-Profit Status With Higher Publicly Reported Prices for the Components of Inpatient Hematuria Evaluation Among Commercially Insured Patients

Stent Omission in Pre-stented Patients Undergoing Ureteroscopy Decreases Unplanned Health Care Utilization

Pediatric Sedation Unit: A Safe, Effective, and Satisfactory Alternative to Outpatient Pediatric Urological Procedures Under Anesthesia

Variation in rates of stent omission for pre-stented and non–pre-stented patients undergoing ureteroscopy in Michigan Urological Surgery Improvement Collaborative (MUSIC) Reducing Operative Complications from Kidney Stones (ROCKS) practices with >5 uncomplicated cases in each category. Total ureteroscopy case volume indicated by bubble size (page 162).
The definitive and collective voice of urology

Rigorous, dependable research has always been at the core of the mission of the American Urological Association to help urologists globally better serve their patients and make the discoveries that will cure urologic diseases in the future.

Offering 3 scientific research journals that cover the breadth of urological disease and practice, the AUA serves clinicians and investigators by providing online access to full-text articles for members and Open Access options for authors.

Immediate Impact.

Global Influence.

Immediate Impact + Enduring Foundational

As a world leader in peer-reviewed urological research, we’re not simply publishing findings—we’re publishing research with immediate impact and enduring foundational value.

World-renowned for research that commands influence and respect while serving science and society, the 3 AUA Journals advance the rate of innovation in the field and the application of the latest science into clinical practice.

Trusted Evidence

From Discovery to Practice

For Career Advancement
Understand Your Submission Path With the AUA Journals

STEP 1
Submit Your Article One Time to the AUA Journal of Your Choice

- Confirm your research fits the scope of the journal.
- Follow the Author Instructions.
- Make a good first impression with the article title and abstract.

STEP 2
Your Submission Will Be Considered for All 3 Prestigious AUA Journals

- When a manuscript is submitted to an AUA Journal, it may be referred to another AUA Journal before or after peer review.

STEP 3
Receive Your Decision Letter

- Revise if indicated in your decision letter.
- If rejected, you may be referred to another AUA Journal. Good news!
- This saves you time – just confirm your interest in submitting to the journal, and revise if requested.
Percent of respondents who reported burnout from the 2016 and 2021 AUA Census, comparing across genders (top) and age groups (bottom, page 573).
