

Racism is a public health issue that adversely affects those who are pregnant, new parents, babies, children, adolescents, and their families. This is a call for manuscripts; @MCNOnline is having a special issue on the effects of racism and inequities in health and health care on the maternal-child population. Articles on research, policy, reviews, and commentaries are welcome. **Let's give voice to this problem and potential solutions as maternal-child nurses.** What can be done; what should be done; how can we make things better? Deadline Oct 1, 2020. Questions: Kathleen Simpson, PhD, RNC, FAAN Editor-in-Chief MCN.
