

CALL FOR PAPERS
JOURNAL OF CLINICAL PSYCHOPHARMACOLOGY

From: Anthony J. Rothschild, M.D.
Editor-in-Chief

The Journal of Clinical Psychopharmacology is announcing a call for **Original Contributions** and **Review Papers** to be published in 2023. The average time to first decision for manuscripts is 19 days. The 2021 Impact Factor is 3.118.

The Journal of Clinical Psychopharmacology is a leading publication in psychopharmacology, offering a wide range of articles reporting on clinical trials and studies, side effects, drug interactions, overdose management, pharmacogenetics, pharmacokinetics, and psychiatric effects of non-psychiatric drugs. First published in 1981, the peer-reviewed journal keeps clinician-scientists, medical practitioners, and trainees up to date on the latest clinical developments in psychopharmacologic agents, presenting the extensive coverage needed to keep up with every development in this fast-growing field.

The Journal of Clinical Psychopharmacology is included in the following abstracting and indexing services:

Pub Med/Medline, Current Contents, Science Citation, Research Alert, Index Medicus, EMBASE/Excerpta Medica, BIOSIS, PsycINFO, Toxicology Abstracts, Medical Documentation Service, Neuroscience Citation Index, SciSearch, and Focus on: Psychopharmacology.

Information and Instructions for Submitting a Manuscript can be found here:
