**What Is *Psychopharm Review*?**

*Psychopharm Review* is a monthly publication for continuing education on psychiatric disorders and their treatments. The eight-page newsletter provides in-depth coverage of current topics to keep clinicians up-to-date on new developments, procedures, advances, and controversies regarding psychopharmacology and therapeutic neuromodulation.

**How Should Manuscripts Be Prepared?**

- Prepare manuscripts, including tables and figure legends, using commercially available word-processing software.
- Include a separate *title page* that includes:
  - Manuscript title
  - Name of author/coauthors
  - Author/coauthor title
  - Affiliation
  - Corresponding author's name  
(responsible for correspondence with the editorial office and review of page proofs)
  - Corresponding author's address
  - Corresponding author's email address
  - Corresponding author's telephone number
  - Corresponding author's fax number
- Begin each article with three *learning objectives*.
- Word count for the manuscript is approximately 3,500 words. This includes the text only.
- *References* should be limited to approximately 30 and formatted in AMA style. Please do not use the endnote or footnote functions to formulate the reference list.
- Provide five *Continuing Medical Education Quiz* questions at the end of the document (see Continuing Medical Education Quiz below).
- *Figures, tables, references, and other art*. Make sure to obtain permission to reproduce any figures or tables that originally appeared in other sources. Submit written permission from the copyright holder with the manuscript.

**How Should the Continuing Education Quiz Be Prepared?**

Each article will be published with a Continuing Medical Education Quiz consisting of five multiple choice (A–D) and/or true-false questions. Authors should provide these questions and answers with the finished manuscript. Each question must have only one correct answer, and each answer should be clearly supported by the text.

### **Submission**

Accepted articles will be processed electronically. In addition to a word-processing file that contains all final text, tables, and figure legends to be published, authors should submit figures as separate JPEG or TIF files. Authors will receive page proofs to review in Adobe PDF format.

### **Deadline**

To ensure timely production of the *Psychopharm Review*, all manuscripts are due by the determined deadline. *Should you experience an unforeseen delay please contact Dr. Janicak to discuss an appropriate extension.*

### **How Does the Production Process Work?**

The publisher via email will send page proofs for review to the corresponding author. The page proofs will be sent in Adobe PDF format containing all text and artwork. The corresponding author must review the proofs, answer editorial queries, and return corrections by fax to the publisher (206-600-5058) *within 72 hours of receipt.*

### **What about CME Disclosure and Copyright Transfer?**

Conflicts of interest: Authors must state all possible conflicts of interest in the manuscript, including financial, consultant, institutional and other relationships that might lead to bias or a conflict of interest. If there is no conflict of interest, this should also be explicitly stated as none declared. All sources of funding should be acknowledged in the manuscript. All relevant conflicts of interest and sources of funding should be included on the title page of the manuscript with the heading “Conflicts of Interest and Source of Funding.”

#### For example:

Conflicts of Interest and Source of Funding: A has received honoraria from Company Z. B is currently receiving a grant (#12345) from Organization Y, and is on the speaker’s bureau for Company A. For the remaining authors none were declared.

Copyright Transfer: In addition, each author must complete and submit the *Psychopharm Review* copyright transfer agreement, which includes a section on the disclosure of potential conflicts of interest based on the recommendations of the International Committee of Medical Journal Editors, “Uniform Requirements for Manuscripts Submitted to Biomedical Journals” ([www.icmje.org/update.html](http://www.icmje.org/update.html)). The form can be completed and submitted electronically, and authors may sign the copyright transfer agreement form electronically. For additional information about electronically signing this form, go to <http://links.lww.com/ZUAT/A106>

Articles will not be published without this documentation.

### **Are Honoraria Paid?**

No honorarium is paid. One author will receive an electronic 1-year subscription. In addition, 2 copies of the article will be provided to one author of each article.
