This journal welcomes original research, including systematic reviews and meta-analyses, case reports, perspective/commentary articles, and industry news/technical notes. Our readers are from oncology and HIV disease physical therapy and rehabilitation; these are multi-faceted and multidisciplinary fields that are shared by many voices, with different views as to the best examination and intervention approaches. This special issue is scheduled to be published in January 2019 and will focus on research in **HIV disease rehabilitation**. Manuscripts for this special are now being accepted. Manuscript submission deadline: June 30, 2018.

Please email both **Mary Lou Galantino, PT, MS, PhD, MSCE** and **David M. Kietrys, PT, PhD, OCS** if you are considering a submission to special this issue at: MaryLou.Galantino@stockton.edu and kietrydm@shp.rutgers.edu.

Rehabilitation Oncology is the official publication of the **Oncology Section** of the American Physical Therapy Association and aims to provide a platform for researchers, practitioners, and educators to present new research and developments in these areas, as well as to synthesize current knowledge and project future trends.
