[Smart Earbuds: A Looming Threat to the Hearing Aid Market?](#)

By *Joe Dysart*

The rapidly expanding array of smart earbuds now has functions similar to those of hearing aids such as noise cancellation and phone call capabilities. Do they have the capability of replacing hearing aids as they continue to get smarter? [Read More](#).

[Hearing Conversation Through Partnership with Musicians](#)

By *Frank Wartinger, AuD*

Musicians require distinctive hearing conservation services. Appreciating what sets musicians apart is key to optimizing hearing health care for musicians. [Read More](#).

[Audiology Services for PSAP Users](#)

By *Miranda Skaggs & Hua Ou, MD, PhD*

PSAPs are less expensive options for people with hearing problems. However, there are notable technical and regulatory concerns regarding PSAPs that must be addressed—and audiologists play an important role in this process. [Read More](#).

[Online Reputation Management for a Busy Clinic](#)

By *Nicole Kingham, AuD*

You built up a great reputation for your audiology practice online, and now it's hanging in the balance because someone left a one-star review. Here are notable tips on how to respond and keep your online reputation intact. [Read More](#).

[Benefits of Extended High-Frequency Audiometry for Everyone](#)

By *David Moore, PhD; Lisa Hunter, PhD; & Kevin Munro, PhD*

The audiogram has been the workhorse of audiology that's been working well, but additional testing with extended high-frequency audiometry can cover areas that the conventional test doesn't and ultimately benefit both audiologists and their patients. [Read More](#).

[Emotional Soundscapes of Life with Ménière's Disease](#)

By *Sarah Louise Bell, PhD*

Episodes of vertigo are known to be very traumatic for people with Ménière's disease, but a new study found that the process of adjusting their daily routines to this chronic illness might be even more challenging. [Read More](#).

LATEST COLUMNS

[Editorial: World Hearing Day](#)

By Jackie L. Clark, PhD

It's time for World Hearing Day and a history lesson of how this hearing health awareness day came about. Find out what others have done to promote hearing health and how you can get in on it. [Read More](#).

[Journal Club: Detecting Non-Organic Hearing Loss at CI Assessment](#)

By Helen Cullington, PhD

The diagnosis of non-organic hearing loss is a difficult but important issue in the assessment process for cochlear implants. This study looks at the key factors in identifying patients with this condition. [Read More](#).

[Golden Rules: P-E Fit Increases In Importance for Older Patients](#)

By Barbara E. Weinstein, PhD

The Ecologic Theory of Aging states that environment and technology have a significant impact on how successfully one ages, which might give audiologists some insights into how to help patients with age-related hearing loss adapt as they get older. [Read More](#).

[Audiology Without Borders: Promoting Hearing Health Care in Nepal](#)

By Neeta Keshary Bhattari & Toni Marie Bacala

The National Association of the Hard of Hearing and Deafened Nepal shows how a non-profit could make tangible improvements to the quality of life for people with hearing impairment. [Read More](#).

[Clinical Consultation: Symptom: Ear Blockage](#)

By Hamid R. Djalilian, MD

A 22-year-old man has ear blockage and possible cerumen impaction. Examination of his right ear canal showed bony growth and complete canal occlusion under the skin. What's the diagnosis? [Read More](#).

[Hearing Matters: Listen to the Brain to Suss Out Concussions](#)

By Nina Kraus, PhD; & Travis White-Schwoch

Now audiologists can diagnose and manage concussions too. A proof-of-concept study found that the frequency-following response is a new approach to identifying concussions. [Read More](#).

[Trade Talk: A Q&A with Tucker Worster](#)

AuDStandard's managing director and co-founder examines the major challenges faced by today's audiology practices, and shares how AuDStandard's customized solutions can help practices grow and get ahead in the current market. [Read More](#).
